

## QUALITY POLICY

Industrial Analytical (Pty) Ltd recognizes that the disciplines of quality, health and safety and environmental management are an integral part of its management function. The Organization views these as a primary responsibility and to be the key to good business in adopting appropriate Quality standards.

The Organization Quality policy calls for continuous improvement in its Quality management activities and business will be conducted according to the following principals:

**We will: -**

- Comply with all applicable laws & regulations.
- Follow a concept of continuous improvement and make best use of its management resources in all Quality matters.
- Communicate its Quality objectives and its performance against these objectives throughout the Organization and to interested parties.
- Take due care to ensure that activities are safe for employees, associates and others who come into contact with our work.
- Work closely with our customers and suppliers to establish the highest Quality standards.
- Adopt a forward-looking view on future business decisions which may have Quality impacts.
- Train our staffing the needs and responsibilities of Quality management.

## QUOTABLE QUOTES

Most people say that it is the intellect which makes a great scientist. They are wrong: it is character.

*Albert Einstein  
(1879 – 1955)*
